

Moxidizer™ is a new patented compact regenerative thermal oxidizer (RTO) that eliminates up to 99.9% of VOC, toxic organic, odor, and methane emissions. With a small footprint, simple all-electric operation, and over 95% energy efficiency, it is ideal for small and distributed emission sources. The system is delivered complete with fan and controls, and is fully factory tested for reliable, ready-to-use performance.

Model Lineup

Model	Capacity (scfm)	Length (ft)	Width (ft)	Height (ft)	Weight (pounds)	Connected Power (Amps / Volts / Phase)
0.3	30	3	2	6	250	20 / 120 / 1
1	90	6	2	6	600	30 / 480 / 3
3	270	10	2	6	1400	100 / 480 / 3
6	540	10	4	6	2400	150 / 480 / 3
12	1080	17	4	6	4800	300 / 480 / 3
